MESSAGE FROM THE PRESIDENT OF AEFEUP

Dear colleague,

Welcome to your new home: the Faculty of Engineering of the University of Porto!

This is the beginning of an exciting journey, full of discoveries, new interests, and experiences that will challenge you and bring you closer to the future you aspire to. It is here that you will be able to experience all of this.

FEUP is a place of excellence and growth. Here you will find a solid academic education, essential for your professional future, but also a dynamic community, marked by projects and initiatives that will enrich your personal and academic development. You will have countless opportunities at your disposal: training courses, workshops, cultural events, sports activities, and moments of integration. Take advantage of them and enjoy every second!

AEFEUP – the Student Association of the Faculty of Engineering of the University of Porto – will always be by your side. For many, it is also a second home. We are here to listen to you, support you, and defend your rights and interests. We work every day to create the best conditions for you and we will be with you in every challenge and every achievement. You can always count on us.

Finally, I leave you with a challenge: take risks, innovate, learn to work as a team, and take advantage of every opportunity to strengthen your identity as an engineer and as a person. Participate, get involved, and discover everything that FEUP and AEFEUP have to offer you. We are very happy to welcome you and proud to accompany you on this new journey.

Good luck!

Duarte Ferreira

AEFEUP
ABOUT AEFEUP

AEFEUP represents all students of FEUP, defending your rights, promoting active participation, and creating opportunities to make your academic journey richer and more fulfilling.
We are here to listen to you, represent you, and support you throughout your time at FEUP, focusing on four main pillars:

ASSOCIATIVISM

AEFEUP represents all students, ensuring your voice is heard and your rights are defended. We promote active participation in academic life and support you throughout your journey.

ACTIVITIES

We organize events and initiatives that make your university experience unique and memorable. From parties and social gatherings to workshops and training sessions, we create opportunities to learn, connect, and grow.

EDUCATIONAL POLICY

We represent students in academic decision-making and work closely with FEUP's governing bodies. Our goal is to ensure high-quality education and better learning conditions for everyone.

SPORTS, HEALTH AND WELFARE

AEFEUP promotes sports activities, health initiatives, and sustainability projects. We want you to feel good at FEUP, offering opportunities to take care of your body, mind, and environment.

AEFEUP
ABOUT AEFEUP

GENERAL ASSEMBLY

The General Assemblies are the main decision-making space at AEFEUP. They are open to all FEUP students and are held to discuss proposals, review activities, and define the direction of the association.
During these meetings, you can:

- Share your opinion on AEFEUP's projects and activities;
- Present proposals and suggest improvements;
- Vote on important decisions that affect every student;
- Ensure transparency by following the work carried out.

Your participation is essential to build a stronger, more representative AEFEUP that works for you.
Join in. Decide. Make a difference.

AEFEUP
SPACES AND SERVICES

Unlike most faculties, AEFEUP has the privilege of having its own building at its disposal, which will inevitably be your second home throughout your academic career and, therefore, in its building you have at your disposal the following student support services:

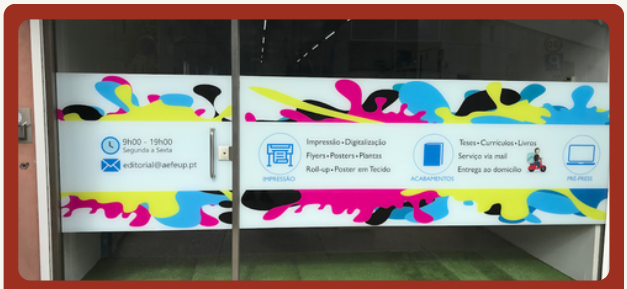

ATM

SECRETARY/ SERVICE TO THE PUBLIC

BAR AND TERRACE

EDITORIAL "EFEITOS GRÁFICOS"

The AEFEUP building is more than just a bar — it's the meeting point for FEUP students. With a wide variety of snacks and lunch options, it's the perfect place to relax, socialize, and enjoy the academic spirit.
(**Tip:** In addition to beer at **€0.50** on **Wednesdays**, there's also a special selection of different snacks available at affordable prices, exclusive to that day!)

Note: It is in this space that the long-awaited FEUPCaffés take place

Note: It is important that you keep your "engineer's cup", it has an initial cost of 0,80€ , but it is reusable for all FEUP events and parties.

At FEUP you have several printing spaces, as you can see on page 11, however, in your association's building you have one more place where you can print all your notes and brochures, whose timetable you can confirm on page 11.

SERVICES AND ORGANIZATION OF BUILDING B

It will be in **building B** that you will have most of your classes and where you have several services at your disposal. The building is divided into five floors, from 0 to 4.
All FEUP rooms are identified with a letter relating to the building in which they are located and a number, the first digit of which is related to the floor of the same room. For example, if your timetable indicates that you should go to room B104, it means that you should look for it in building B, floor 1. The remaining digits, 0 and 4, are indicative of the room number. Starting from the main entrance of FEUP, the rooms in building B are arranged in descending order.

If you ever hear someone referring to “cheeses”, don't be alarmed! They are simply the names given to the amphitheatres, because they look like cheese from above. These are rooms B001 to B003.
The FEUP auditorium is also located in building B, which can be reserved for holding events by contacting the events center (eventos@fe.up.pt).
There are two ATMs at your disposal, one on floor 0 and another on -1.
The male bathrooms are on the even floors and the female ones on the odd floors.

DONA BEATRIZ

If you're missing something, the stationery Dona Beatriz, on the -1 floor, can certainly help you!
The stairs to this floor are at the beginning of the corridor of building B and are signposted by an exhibitor on floor 0.

OPENING HOURS

NVENDING MACHINES

With varied snacks and cheaper coffee (0.45€), you can find these machines along building B and in all departments. If you don't have change, don't worry! You can now buy your snack with MB WAY.

SERVICES AND ORGANIZATION OF BUILDING B

INFODESK

The Infodesk service is located at the reception of FEUP and consists of the general attendance of the faculty in person, by telephone and via e-mail. In this area, cloakroom and lost and found services can also be requested.

FEUP
LIBRARY

Like the study rooms, the FEUP library will be one of the places where you will despair during exams with your friends.
Its mission is to provide students, teachers, researchers and technicians with scientific, pedagogical, technical and cultural information to support their academic and functional activities, their cultural development and their social integration.

The building is divided into six floors where you can consult and request bibliography. The 6th floor is especially dedicated to group study and is also where you can find individual study rooms that can be booked on the website www.sigarra.up.pt, in the “services” area on the left column.

FEUP
PRINTING LOCATIONS

Are you the type of person who cannot bear to see documents through computer? At FEUP you have at your disposal a set of photocopying machines, which you can use to print whatever you need, leaving a map of them below. Just login or put your student card and use the service you want. Your card has an initial balance for impressions (5€) and if it runs out you can top up on your SIGARRA page.

In addition to photocopying machines, FEUP has two places where you can print material:

UNDERGRADUATES AND MASTERS

UNDERGRADUATES

During your bachelor's degree, the most important point of contact to consider is the course director. Any doubts, complaints, or justifications should be addressed to this contact. On this **page**, you can find the current course directors' contacts for all bachelor's programs.

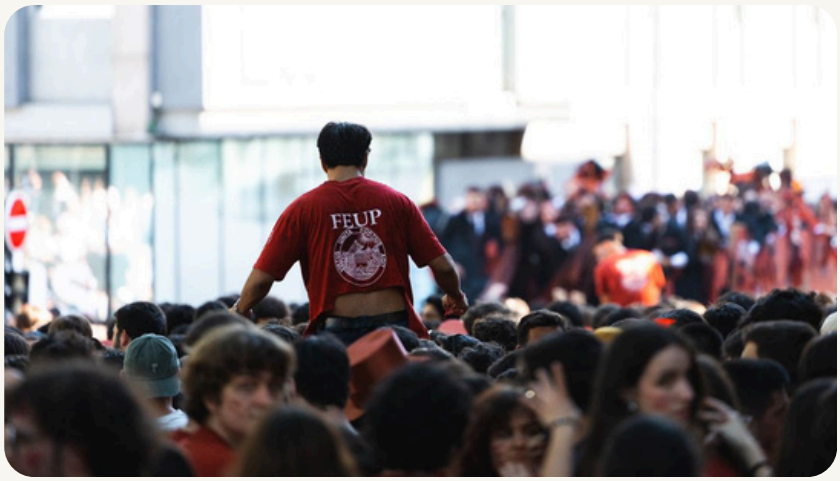

MASTERS

In the academic year 2025/2026, FEUP offers a huge diversity of masters.

Important: If you want to know more detailed information about each Master's degree, click **here**

FEUP - ACADEMIC COMMUNITY

The Faculty of Engineering of the University of Porto (FEUP) is an active academic community, where students, professors, and researchers work together to ensure high-quality education.

To manage its operations, FEUP is organized into several bodies:

- FEUP Board of Directors — Defines the faculty's strategy and manages its resources.
- Pedagogical Council — Includes teachers and students, monitoring teaching and proposing improvements.

AEFEUP represents students within these bodies, defending their interests and ensuring that the student voice is always heard.

STUDANT LIFE
SPORTS

Combat the stress of exams in a Zumba class, take a break from work for a weight training session, practice swimming in one of the most modern university sports complexes in Europe, play futsal in the renovated pavilion of the University Stadium or compete with the best university athletes in the most important national and international sporting events. You have many options where you can put all these options into practice:

AEFEUP SELECTIONS

If you prefer to practice sport with other people and with some competition in the mix, you can join the AEFEUP selections. To do so, you should pay attention to your webmail where you will receive information about the harvest season. The selections available are **men's football, women's and men's basketball, men's rugby, men's handball, women's and men's volleyball and women's and men's futsal and eSports (CS:GO, LOL, FIFA, Rocket League, and Valorant).**

For more information follow **@desporto_aefeup** on Instagram.

GYMS

In a cheaper option, you can sign up at the gyms of the Faculty of Sports of the University of Porto (FADEUP), with swimming pool, or the Polytechnic Institute of Porto (IPP). However, there are other gyms close to FEUP such as Go Gym and FitnessUP. You can consult all the information at **https://cdup.up.pt/**.

STUDANT LIFE
SPORTS

PAVILIONS

You can rent the Luís Falcão pavilions and the Boa Hora sports complex for occasional matches. In addition to these places, you can book many others for different activities at: https://registocdup.up.pt/aluguercampos.php.

DESPORTO 365

“Desporto 365" is the digital platform of the Municipality of Porto that aggregates the entire sporting offer of the city in terms of its sports infrastructures and available modalities, with updated information on all clubs and associations based in Porto.
In a quick and intuitive way, you will be able to find out where you can train and practice your favorite sport throughout the year.

STUDENT LIFE

HOUSING

Finding a house or room in Porto isn't always easy. As a UP university student, you have the opportunity to submit a public housing application through SASUP, but it's not the only option! You'll find good alternatives in street advertisements or in the homes themselves, but another very practical option is to search in dedicated Facebook groups.

There are also websites like Idealista, Imovirtual, BQuarto, or CustoJusto where you can find various offers that meet your needs.

Finally, there are also several university residences, usually with higher prices, such as Xior, Livensa, Milestone, LIV, Odalys, Studyou, among others.

STUDENT LIFE

SCHOLARSHIPS

Attending college involves costs that are not always easy to cover on one's own. This page lists scholarships, merit awards, and funding programs relevant to students, applicants, graduates, and researchers affiliated with the Faculty of Engineering at the University of Porto, ranging from the most basic financial aid to doctoral scholarships and research opportunities abroad.

Requirements and deadlines vary by program, and some are updated every year. Always check the official requirements before submitting your application.

NVENDING MACHINES

With varied snacks and cheaper coffee (0.35€), you can find these machines throughout building B and in all departments.

In addition to the facilities at FEUP, there are several nearby options for meals. At the University of Porto, you can use the **cafeterias of the Faculties of Medicine and Sports**, as well as the **snack bars of the Faculties of Dental Medicine and Sports**, with prices similar to those at FEUP.

Furthermore, the **Campus São João** shopping center, near FEUP, has a varied food court and is just a 5-minute walk from several restaurants in front of São João Hospital, offering a range of options and prices.

LOCATION

PUBLIC TRANSPORT

METRO DO PORTO

The Porto Metro connects you to FEUP in just a few minutes, with the closest station at IPO. The yellow line, the most popular, runs every 7 minutes on weekdays and about 10 minutes on weekends.

Check out the map with Porto Metro areas and stops **here**.

Before entering the metro, you must have purchased your travel ticket and validate it up to 15 minutes before your trip. A travel ticket allows you to travel 1 hour both on the metro and on the bus.

BUS

STCP or UNIR buses cover almost all of Porto, making them the best option for getting close to home.

At the FEUP stop, you can catch buses 204, 300, 301, and 803.

Most lines pass in front of Hospital de São João, where there are many options. Check schedules and routes on the STCP website.

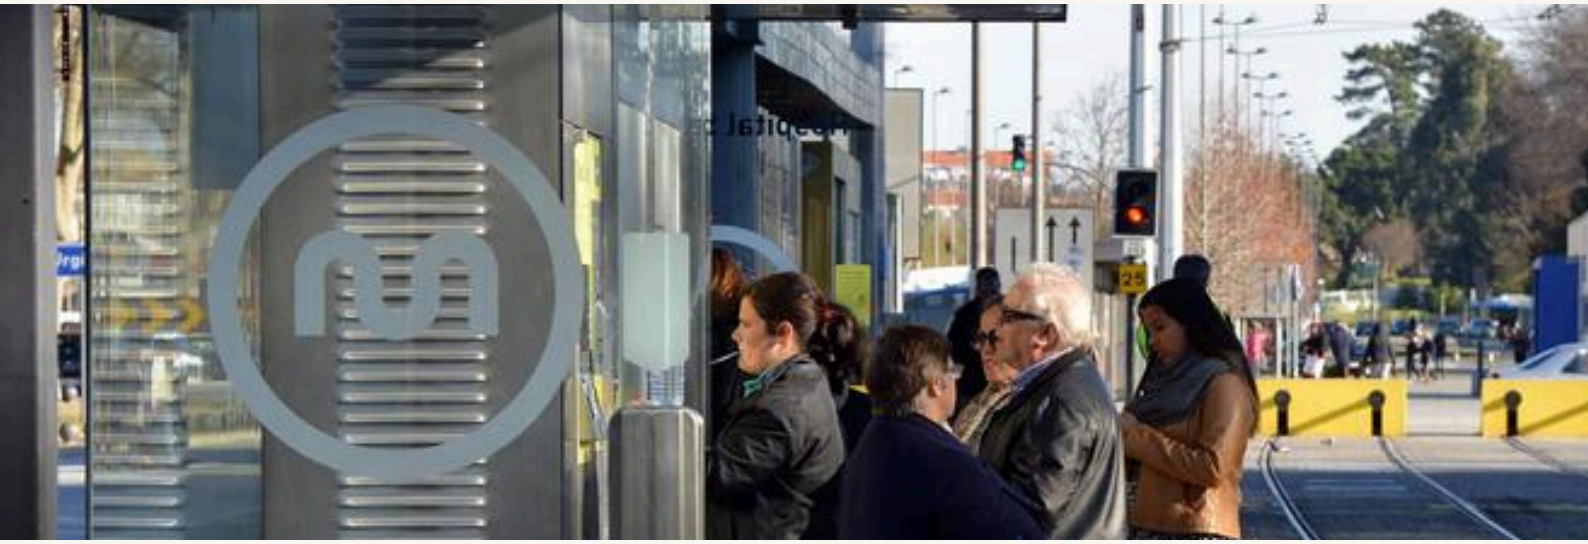

For real-time schedules, use the MOVE-ME app, available on the App Store and Play Store, and scan the QR code at each stop.

Before getting on the bus, you must have purchased a travel ticket or have the right money to buy it, if you do not have a pass.

In Porto, you can use **electric scooters** to get around quickly and independently. There's a spot near the main entrance of FEUP, and you only need the app to use them.

LOCATION

TICKET OFFICES AND POINTS OF SALE

If you plan to use the metro and bus regularly, subscribing to the Andante Card with a monthly pass can be advantageous for you. Students up to 23 years old are entitled to a **free** "**passe sub23**", upon presentation of proof of enrollment at FEUP's Academic Services or at Sigarra and presented at an Andante store.

The **nearest Andante store to FEUP** is located **in front of São João Hospital**, but there are others, such as at Trindade station. The card can also be purchased at STCP stations, CP ticket offices, and the Mobility Center.

IIf you don't use it frequently, you can buy an **Andante Card for €0.60** and load individual tickets. Without recharging, the bus fare is more expensive.

OThe monthly pass can be reloaded at ticket offices, vending machines, at Papelaria Dona Beatriz (at FEUP), or conveniently through the "Anda" app.

When purchasing a travel title, you should pay attention to the designation you buy (Z2, Z3, Z4, etc.), which should be consulted based on the number of zones you intend to cross. You can find the Andante zone map here.

HEALTH AND WELFARE

PROTOCOL OF PSYCHOLOGICAL CONSULTATIONS AEFEUP- INVICTASAÚDE

Your mental health is first and with the AEFEUP protocol with InvictaSaúde (located in Areosa, 15 minutes from FEUP) you get a 10% discount per consultation, 50% of which is co-financed by AEFEUP. That is, being the table price 40 €, the consultation ends up having a final value of 36 €. However, with the AEFEUP contribution, a student of FEUP only pays 18€.

To book an appointment and take advantage of the discount you must fill in this **form** with your personal data. You will be sent a pdf that you will have to present at the clinic together with your Citizen's Card and Student's Card. Personal data will not be stored or shared, it will only serve for the verification of FEUP students and for billing purposes.

TOURISM IN PORTO

The city of Porto is a place full of culture and rich in history. With a variety of places to visit, so you don't miss out on any of them, we present you with the Visit Porto website along with some suggestions:

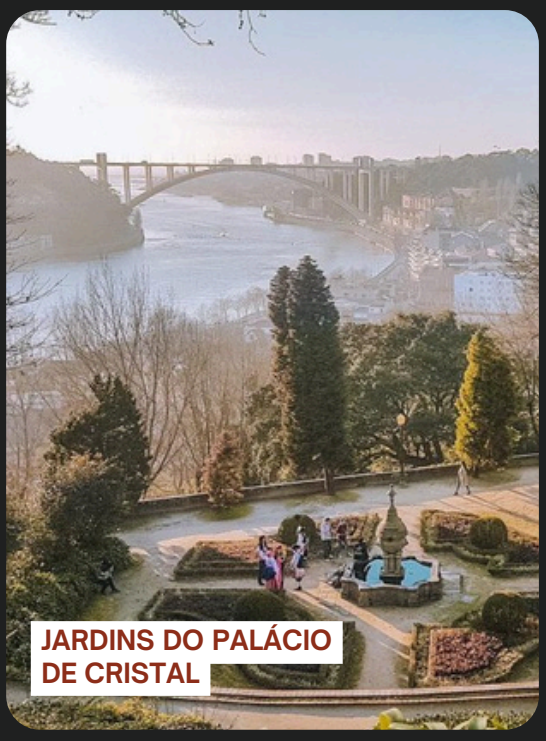

Visiting these places is a unique experience, but you should always be careful under what circumstances you do so. Especially at night you should avoid the most hidden places in Porto and choose to walk with someone and in more frequented places.

[1] Haverá dispensa de aulas para os docentes e estudantes envolvidos diretamente nas cerimónias do Dia da FEUP.

[2] A Semana da FEUP é um período de interrupção de aulas e de mobilidade docente. Inclui atividades letivas (visitas, exposições, palestras, ...), assim como o Congresso do Projeto FEUP.

[3] As épocas de exames podem incluir um período de preparação para a época normal e um outro para a época de recurso. A duração destes períodos e das próprias épocas normal e de recurso, serão decididas pelas Comissões de Acompanhamento de cada curso, sendo que a época de recurso nunca poderá ter uma duração inferior a 8 dias úteis.

[4] Época especial destinada a estudantes de segundos ciclos de estudos com 90 créditos ECTS, em que a unidade curricular dissertação tenha ocorrência no 1.º semestre (em acordo com o N.5 do Art. 12º do Regulamento Geral para Avaliação dos discentes de primeiros ciclos, de ciclos de estudos integrados de mestrado e de segundos ciclos da Universidade do Porto)
